

Lancaster General College of Nursing & Health Sciences Clinical Simulation Laboratory

Project:

Lancaster General
College of Nursing
& Health Sciences
Clinical Simulation
Laboratory

Location:

Lancaster, PA

Architect:

Cornerstone Design w Architects
Lancaster, PA

Special Features:

Basement fit-out to a new state-of-the-art Clinical Simulation Laboratory. The lab consists of two clinical re-enactment rooms, a simulation control center and cameras that enable teachers to evaluate and record student-led treatment and diagnosis sessions. Its size and advanced audio-visual technology make it one of a kind in the Central PA region.

320 Granite Run Drive • Lancaster, PA 17601
